

5 Tips for Move Your Phi't Events

- 1. Plan an event for your target audience** — Does your campus love soccer? Alpha Phifa may be the way to go! Do students love running in the nearby nature park? Let's plan a 5K! Optimizing your attendance by capitalizing on the interests of your campus is beneficial.
- 2. Dance it out** — Does your campus host a dance marathon? Consider collaborating with the current hosts of it! If your campus does not have an annual DM, start your own! A dance marathon is a fun and easy way to get hearts pumpin' and the whole campus involved!
- 3. Safety first** — If you are utilizing you university's gymnasium or fields, be sure to look over carefully any university-sanctioned waivers or liability agreements. Making sure your chapter and participants are protected if an injury were to occur is important. Speak with your Vice President of Risk Management on any Alpha Phi Fraternity policies or waivers necessary for the event! You'd rather be safe, than sorry!
- 4. Partner with a local fitness club** — Partner with local businesses and nearby gyms to host a fitness class on your campus or at their gym/studio! Popular classes like barre, hot yoga, and spin are great ways to get sisters, campus, and surrounding community invovled. These events also help bolster your partnership with local businesses!
- 5. Become a bracket expert** — Think through all of the sport logistics beforehand. Organize your rosters, brackets, and/or schedules prior to the event. Prepare for teams to want to be added or drop out last minute and come up with back-up plans. If you're not sure how to run a bracket, ask for help! There is bound to be plenty of fantasy football fans on campus.

Move Your Phi't events are a great way to incorporate heart-healthy activities into your philanthropy events! Host them on their own or as a part of a Heart Health Week to promote an active lifestyle and fundraise for Alpha Phi Foundation.
